The case of 2 commands on the fact are a
sharp chastisement, deeply affected me.
We arrived at Danville on 4th day to dinner
& passed the afternoon in preparation for a meeting.
Our dear friends Jacob & Martha Hubbard
have partaken from us. The meeting was large
& very solemn. It was given me to
proclaim the spirituality of the Christian
religion & the folly of whether in Christ-
ian or quaker's meeting for which I think
there was some time opening. We have
journeyed along quietly to day 45 miles &
are arrived this evening at a very comfortable
home. My mind is pretty kept in a state
of much quietness & in the review of this
interesting journey of nearly 600 miles, I
can indeed gratefully acknowledge the goodness
& loving kindness of the Lord. Sometimes
of faith & patience have fallen to my lot,
but I know not that the three weeks which
the transit has occupied, could have been
more decidedly spent. I feel the
prospect of the Yearly Meeting for Va. but humbly trust
I may again be mercifully helped in the hour
of need. My mind dwells tenderly with
my darling children & with many Friends
most dear, in England. O may they live
before the Lord!

New Garden 11mo 16. Wednesday.
We had a large & excellent meeting at Danville in
which the perfection & spirituality of the Christian
religion were largely unfolded to an attentive audience.
The next day a large, quiet drive, thro' a sandy
country, to Hezk. Saunders's - near Bruce's cross roads.
On the 6th day, hither - where I have found another
quiet home & resting place. The select meeting at
Deep River on 7th day was large & satisfactory,
Eliza Coffin went all there; & dear old Nathan Hunt
who met us there, overflows, (like herself & other
friends) with love & unity. We had a large meeting
here yesterday - quite public in its character -
& though it was somewhat restless, truth triumphed
over all - The "old way" was plainly preached; & Christ without sectarianism. A good meeting at
the school in the evening. I ought to be most deeply thankful
for the kindness & unity of Friends, also for good
health & spirits. May I be preserved in reverent
watchfulness & humility!

Sixth day morning Nov. 16.
We have been going on well - The select meeting &
public meeting for worship on 4th day to some
both memorable - Have scarcely ever attended such
a meeting as the latter. "Blessed & holy are they
who have part in the first resurrection" - Nathan
in prayer was wonderful. Yesterday the school
concern opened nobly - to day we hope to finish -
