passed 4th day morng very pleasantly in a drive up the Red Hill from which the view of that mountainous district & Winnipesaukee & Squam lakes, was delightful indeed. In the evening in company of young people at Ezra & Martha Meader's - (both ministers). 5th day good week day meeting - Moses & Lindley well engaged - called on several such affected friends - ~~early~~ & a very flowing public meeting at Sandwich "Corner" in the evening. 7th day Parted from Moses & Lindley (who rode us ~~to~~ 30 miles to Parsonsfield - Texas extremely low - but we had a good meeting & were kindly entertained by Chas Cartland & family. Yesterday the day was rough & rainy, but it was a favoured day to me; one in which my spirit was quieted & refreshed in the Lord, & we were favoured with the outpouring of the fresh oil, at Limerington in the morning, & more especially so in a public meeting in the free Church at Sexton Corner in the evening. Comfortable abode at Mr Phebe Cobb's. I shall have to stay in the Quarter - both meetings disturbed by a Hankerite Preacher: but I hope truth triumphed: ally & sympathy has its peculiar

desolations just now - & I have a somewhat affecting sense of it on my spirit - & yet I am tranquil - not really disturbed at the bottom, I trust - & I am gratefully enabled to feel the Saviour to be near. O! that He may be pleased to draw near to us in the approaching public meeting - that a new song may again be put into my mouth! And may He fold my beloved children (yearned after in the Lord) in the bosom of his tender mercy! Portland 3rd day morng. The public meeting on 1st day Eve was very large & satisfactory - Yesterday rode to several farmers hastily social - drove round the City with Nathan Winslow - left good little meeting at Cape Elizabeth. Asked the aforementioned preacher to be silent & whether kindly consented & was very tender after meeting. Drove in the Cape to the Cape Cottage, from whence a delightful view of Casco bay. Close ministry among friends in the evg at Nathan Winslow's. I am remarkably well - but somewhat cast down - exercised in the prospect of letters at Windham the ensuing 2d. meeting - & Canada. I desire renewedly to commit my ways unto the Lord in whom are all my springs.
