forward in the afn 12 miles to Peekskill
with Hudson, James Brown's - a large
meeting - promiscuously attended - at the
Methodist House in the Evening - in
which doctrine flowed - Hope with
power - The true light was my subject -
including the main points of revealed
religion - bearing with the universality &
independence of divine visitation. The
meeting ended in much quietness &
solemnity. But I felt afterwards depressed
à la poitrine, & has in mind - which
has very much continued to be the case
this morning - notwithstanding a romantic
voyage through the Highlands, to this place -
where we before spending our First Day
Lord undertake for me, provide for
thy poor, discouraged servant! I believe
I have come to trust in Him, who is
yet doing well for me. —

West Point 5th day Eve 5/16. 39

Here I am with HH & the Members
for a day's rest - & for a meeting shall
way open to morrow Eve - It is a place
of rare beauty & interest - Since the
last entry, I have been favoured to
get along, through some considerable
infirmity, prostration in the main -
