David Clark took us to his home - where was E.P.K. We had an excellent fellow meeting that night - collegians Professors generally present & satisfied. The next morng - week day meeting remarkable & nothing could be more satisfactory than E.P.K's advices & encouragement. 6 too our little circle separated in much peace - 6th day to New Brunswick meeting there with Collegians &c in the evening. 7th Journey 40 miles to Shrewsbury - much oppression & indisposition at night. Wonderfully helped thro the meetings the next day morng & afn fully in Friends house. Left the dear Parkers on 2d day in peace & better - excellent meeting that eve at New Brunswick in the Dutch reform House. Saturday Plainfield (Nathan Vale's) & Rahway (Jacob Parker's). The last a most relaxing meeting - came to New York this morng in time to attend a large meeting with 2 marriages. To Flushing this Eve - Some prospect of a meeting under the Oaks to morrow afn. I have during the last few days been praying thro untold & inexpressible exercise of mind

with some considerable oppression of body but have been most graciously helped through the meetings & faith has been renewed from season to season that I shall be carried through. O Lord give me more faith - more strength - more unreserved submission - more of the patience of hope, for thy mercy's sake & for thy cause's sake through Jesus Christ our Lord - Bless & keep my children - & permit us, yet please thee to meet in peace - yea in the fulness of the blessing of the gospel of Christ.

Long Island 3d day 6mo 10. 1839

Last 4th day Eve with my dear friend S.P. to Flushing - pleasant feeling of quietness on entering that abode - Very good meeting the next morning - no prospect of weather for the oaks - found I could not leave friends. Very poorly the following night with sickness & oppression & much conflicted. Rob. P. ministered to me body & mind - Rested 6 & 7th day with rides on horseback &c - grew gradually better. First day one of memorable interest - Exercise on Faith in the morng meeting & of the Faith through a freely afn - weather very perplexing.
