Bless the Lord, O my soul! Yesterday was rather a remarkable Sabbath. Our fellowship meeting sat down together with much mourning & abasement. Then a call on his Excy Governor Porter the Gov. - very satisfactory conversation with him & a correction of misapprehensions respg Friends. At 3 o'cl: a large public meeting - presumptuous I believe - but very attentive - I had to unfold the constitution, govt & laws of the "kingdom of heaven", as revealed to us in Scripture. It was a good time I believe amid against all factions, birds & enterlocutors. Supped the evening pleasantly with the Gov. & his family. We were favoured with a solemn Scripture reading. Days much filled with their simplicity & piety. This morning in improved health, & comfortable spirits; I am on my way to Sing. St. 7th day's meeting. The Lord be very near to us, in the approaching solemnity!

On second day eve early we arrived at the widow Mary Pearson's & Eliz Rogers's: her son in law. Here I found very comfortable quarters: & friends were flocking from the various parts. Third day morng: the usual select meeting - a comfortable opg - dined at my quarters & drank tea with our dear friends Benj & Mary Parker (whose coming has been truly a favour)

Here follows a brief outline of the visit to Uxbridge that Mr & Mrs Gurney made the entire journey by stage.

at old Thos Hunt's Smithville - A very sweet feeling of peace attended my mind in coming to Sing St. Let this be received from time to time particularly at the widow Pearson's. 1st day. The 7th day's meeting large & solid - Sweet counsel expressed in the ministry - & M Parker followed in prayer - dismissed about 4 o'cl. Dined with ~~Jos~~ at ~~Stephen~~ Wm Fuller's ~~days~~ ~~& drank tea at Pleasant Cottage~~ Bill Parker being with us - pleasant evening at our home quarters. 5th day we flowing further meeting in which the practical working of the Christ was developed from Phil 2. It was I believe a time of much solemnity - & the Lord's weapons were aimed against the restless unruly spirit that is abroad - we afterwards sat with this meeting & ended solemnly - men & women together with the reading of the final epistle & prayer. Dined at Augustus Rogers's & drank tea at Eliezer Lewis's B. & M P being with us. Our parting solemnity with them & others at E's was very tender. 6th day Wm Wright & I, with Jno Gibbs (a convenient) for our driver went to Tecumseth about 18 miles - the country generally settled & cultivated. Dined at Peter Dafoe's - & a good meeting afterwards at the school-house which they gave for both purposes. We returned in peace - & made pleasant calls by the way on Wm Phillips - & Hopkins Cody & family - Late
