

9th May. A cloudy morning & Wind S,
had a very fine Rain last Night, which
is very opportune, the Country being
much in want of it.

Engaged to Dine at Fuley with our
Family, went to Town & found Mr.
Gault had arrived in the Fame from
Liverpool, he brought me several let-
ters from my Father, Mother &c, which
have afforded me much happiness,
took Gault & Thomas out with me to
Dinner at Fuley where we spent
a very agreeable afternoon, returned
Home in the evening, Mrs T. & Children
in Mr. Bowly's Carriage as they went,
found all well at Home, a very fine
evening, Wind N.W. but not cold.

10 May - A very beautiful morning,
went to Town, nothing particular oc-
curred, except going with Mr. Bowly &c,
to see the Panorama representing the
Battle of Egypt where Sir R. Abercrombie
was killed - returned Home
to Dinner.

Planted Potatoes in Hills in Frances-
tin's Garden on Bassett St. &c. &c. &c.,
two first rows on the east side are
planted whole, three Potatoes very large
all the rest cut exactly in three and
one more, in order to see which pro-
duces best, they are very fine and
came from New York, those planted
whole are the largest we could find,
put a Shovel full of rotten Dung
in each Hill.
