Dear Wm

I rec'd as a present this John Hillis a plan of a Round Barn which he says differs from his somewhat yet he thinks it will do to frame & hang up, as one of the varieties of Barns used at the South.

Thy orders are under way for Books — The Clover seed is bot — shall we keep it here until ready to be used or shall we send it forward.

The Scraper we hope is rec'd — & that Wm authorized in thy place of the Barn & under way —

Now do the berries come on — The manur of fruit trees, wh decided
