The State of society, as represented in the comprised answers to the Queries, being at this time brought into view — Many Minds were dipped into a deep exercise and earnest Labour that the causes of the various complaints of deficiency, from year to year repeated, may be removed, that Friends in their several allotments, may be awakened to a diligent and lively attendance of Meetings, that those who may be so favoured as not to be addicted to drowsiness may endeavour to get under such an Exercise of heart as may conduce to the help of those, who are often tried with that weakness, that by dwelling in that fervent Charity, which unites us together as children of one family, we may endeavour to promote the welfare of one another — And that Parents & heads of families may be engaged to instruct the Youth under their direction in the essential parts of a Religious Education. —

Some deficiencies appearing in the accounts from some of the Quarters, respecting the Distillation & vending of Spirituous Liquors, it is recommended to the Quarterly and Monthly Meetings to attend to the former Advices of this Meeting, in order to discourage those practices, which appear to affect many Minds with concern & to report of their care to the Meeting next year. —
