The Committee to whom was refered the subject on Publishing Testimonies against such of our members as are concerned in Lotteries produced the following report,

"To the yearly Meeting now sitting

"We the committee appointed to take into consideration how far "such of our members as are concerned in Lotteries ought to be dealt with "& whether Testimonies against them ought to be published, as brought "up in the report from Warrington Quarter, having twice met, and "weighbly considered the subject, after a free communication of sentiments "thereon, are unanimously of the opinion, that where cases of this kind "happen, Monthly Meetings ought to treat with such offenders and "unless they condemn their conduct to the satisfaction of the meet-"ting, to issue their Testimony against it, & enter it on the records "whereby they may stand disowned from society; Nevertheless it "is the general sense of this committee, that it would conduce "to the advancement of this branch of our Testimony if the Year-"ly Meeting could see its way clear to authorise their publica-"tion in future, all which we submit to the Yearly Meeting. —

The Committee appointed to take into consideration the subject of making more convenient provision for the accommodation of the Yearly Meeting brought in the following report Viz.t —

"To the Yearly Meeting now sitting.

"We the Committee appointed to take into consideration the making "more convenient room for the accommodation of the yearly Meeting "having divers times met & conferred on the subject, agree to report as "our united sense that for the immediate accommodation thereof we "have not been able to discover any thing more likely to answer the pur-"pose, than for the Yearly Meeting to take the new building, (intended "for a School house) in its present situation, & be at the expence of "finishing it in a suitable manner to accommodate that body, & for "friends of the Town of Baltimore to be at liberty to hold such mee-"tings therein as they may think proper, until some alteration or "further provision may take place, which subject has been weighbly be-"fore us, and appears to be the general sentiment of this committee "that a lot be purchased, at as early a period as can be complied with "in a central part of the town of Baltimore, for the purpose of building "a new meeting house at any time the Yearly meeting may direct, — "we may also inform that some enquiry being made several lotts have "presented, which appear likely to answer, & it is likewise our Judgment "that if a free subscription was now opened for the purchase, it would "be likely to have a good effect, all which is submitted to the Yearly "Meeting." ——
