"We of the committee continued at last Yearly Muting "to have the charge of the Lott of ground purchased for the "accommodation of the Yearly Muting, & to exchange the same if "opportunity offered for a more suitable one, Report. — That some "of our number have paid considerable attention to that subject & no "way has yet opened for an exchange to be made to advantage, but "on enquiry several lots have been offered, the situation of which "would be likely to give more general satisfaction, being better situ-"ated for the purpose of building thereon, but as neither of them "can be procured, without making sale of the one now on hand "Friends have declined proceeding further therein until the present "Muting. —— We may further inform that we are of opinion, that "if the present lot was procured in fee, the proceeds of the sale "of it, would be likely to defray the expence of the most desirable "one now offered. —— On examining the Treasurers accounts we "find that there is due him 38£ 18 cents & one years ground "rent of £50 — due the 1st of the 8th Month last. Few subscriptions "having been paid in since last Yearly Muting. ——
