Elias Ellicott, & Joseph Townsend (of Balt.) are named to have the work accomplished previous to the close of the Meeting.

The Reports from the Quarterly Meetings in answer to the Queries inform in substance.

1st ..... That all our Meetings for Worship & Discipline (except one, from which no regular Accts have been received) are duly attended by some Friends, those on first days by most of our members, but the number concerned to attend on some other days of the week, is in many places small; the hour nearly observed, unbecoming behaviour mostly avoided, yet instances have occurred, some of which are under care.

2nd ..... A considerable number of Friends are careful to maintain Love & Unity, as recommended; to discourage talebearing, backbiting, & spreading evil reports, & to end apparent differences, yet an improvement in some of these respects would be profitable.

3rd ..... Many Friends are careful to bring up those under their direction to the due attendance of Meetings, to plainness of speech, behaviour & Apparel, to the frequent reading the holy Scriptures, to restrain them from reading pernicious Books, & from the corrupt conversation of the world, yet divers instances of deviation from plainness of speech & apparel are apparent in most places.

4th ..... Friends are generally careful to live within the bounds of their circumstances, to avoid involving themselves in business beyond their abilities to manage, to observe justice in dealing & punctuality in fulfilling contracts, yet in some instances a more timely performance of contracts would tend to the reputation of sociity & advantage of individuals.
