10th Mo. 13th 1801. ——

Which being read & the meting taking the subject into solid consideration, it appears to be the united sense of Friends at this time, that the whole matter be referred to a solid com-

committe, who are desired to take the same into consideration, confer with Friends of Baltimore thereon, & report their judgment to a future sitting of this Meting. Viz: — Thomas West, Jacob Tyson, Ermion Williams, Thomas Moore, Jonathan Ellicott, Jacob Balderston, Edward Jones, Solomon Shepherd, Finby M'Grew, William Worrell, John Love, Daniel Ragon, William Hough, John Butcher, John M'Pherson, Isaac Nicholls, John Haines, Abel Walker, Abram Smith, William Dixon, Horton Howard, Thomas Grisfsle, Enoch Chandler & Jonas Catlett. ——

The Meting then adjourned to the 9th hour tomorrow morning. ——

14th of the Month & 4th of the Week. ——

The representatives being called, were all present as heretofore

The comprised answers to the Queries were now read, under the consideration whereof, a travail & exercise of mind was evidenced by the Meting, on account of deficiences in divers respects, being still apparent, many pertinent remarks were made, tending to excite an individual enquiry amongst our members how far they have contributed to the cause of these complaints: Under a sense of a measure of divine aid being afforded at this time, it is affectionately recommended to Quarterly & Monthly Mu-tings to labour as ability may be afforded, for the removal of the causes which produce those deficiencies, by endeavouring to strengthen the hands of overseers & other concerned Friends, tenderly to invite those who are deficient, in the attendance of our Metings to a more lively & animated discharge of that essential duty. ——

Likewise that Parents & heads of Families may be more faithful in the discharge of their Stewardships over their tender offspring & those under their care, endeavouring to inculcate in them a love for an early acquaintance with the Holy scriptures & the writings of pious men, & in all respects so to walk before them, that their minds may be convinced of the sure reward of peace for well doing. — & thereby the rising generation amongst us be encouraged to withstand the temptations which are in the World. —
