B. "To Baltimore Yearly Meeting:"

"Agreeably to appointment we have collected the Minutes of last Year, and they are carefully recorded. — We have also collected the following Records & Papers viz.

"One Book, containing the Minutes and Proceedings of the Yearly Meeting held at West-River, Fred-haven-Creek &c. commencing in the Year 1677 and continuing to the Year 1685; — and from that time at Fred-haven-Creek to the Year 1758. —

"One Book, containing Minutes &c. of the Yearly-Meeting at West-River from the Year 1754, to the Year 1760, — and from that time alternately at West-River and Fred-haven-Creek to the Year 1764.

"One Book, containing as above, held alternately as aforesaid at Baltimore Town from the Year 1765 to the Year 1789. —

"The present Book, containing as aforesaid from the Year 1790 to this time. —

"One file, of sundry printed Epistles from the Year 1687 to the Year 1805. —

"Six ditto, containing written Epistles from the several Yearly Meetings with which this Meeting corresponds. —

"One ditto, of sundry Reports from the different Quarters to the Yearly Meeting from the Year 1731, to the Year 1789. —

"One ditto, containing Copies of Minutes of this Meeting and the Yearly Meeting of Philadelphia

" of Philadelphia, at different periods from the Year 1764 to the Year 1789, respecting forming a connection, and the arrangement which afterwards took place. —

"One ditto, consisting of Communications and Epistles of Individuals to this Yearly Meeting, — with several other Extracts of Subjects relative to said Meeting. —

"Also, — the several Deeds and Title-papers relative to the pasture Lot belonging to this Meeting. —

"From the dispersed situation in which the Records and Papers belonging to this Meeting have hitherto been kept, it appears, that some are mislaid, and others are perhaps irrecoverably lost, — We are therefore free to propose that a suitable place be provided at the expense of the Meeting, in order that they may be safely deposited therein, — with all others that may hereafter accrue. —

"We may further add, that we are united in prospect, that an advantage may result to the Society, if the advices of the Yearly Meeting, issued at different periods since its commencement, with other valuable matter which may be extracted from the Papers of the Meeting, were collected, — placed under different heads in alphabetical Order, and recorded in a suitable Book, — subject to future direction. — All which is submitted to this Meeting. —

"Joseph Townsend, — George Edlicott,
"Gerard T. Hopkins, — Philip E. Thomas. —
