First of the Eleventh month, and 5th of the week, according to adjournment, Friends again assembled.

The following Report was received from the Committee on Indian Concerns; which, being read, was accepted, and the Committee continued to sit:

To the Yearly Meeting now sitting.

The Committee on Indian Concerns Report, that, by information received from our Brethren of Ohio Yearly Meeting, it appears that a

considerable number of the Indians had removed from Waupakonneta, with the intention of locating themselves beyond the Mississippi River, and that those who still remained appeared now to be more settled in their minds; and seem to be determined to continue on their present reservations. They also inform us that the school had again been opened, with a prospect of better success than at any time heretofore, and that the average number of scholars, who attended regularly, was about sixteen or 17, exclusive of four, who had been brought to the settlement, in order to be educated.

The good conduct of the children in school, and their attention to their studies, as well as their willingness to assist in the business of the farm, is spoken of in favourable terms.

The committee also inform that some repairs, which had become necessary, had been made upon the Mills.

The expenses attending these operations having considerably exceeded the interest accruing upon the Capital invested in Bank Stock, renders a sale of a part of this Stock necessary. The Committee of Ohio accordingly made application to their Yearly Meeting, for authority to dispose of such portion of this investment as circumstances might render necessary. This authority it appears, by a minute received from Ohio Yearly Meeting (and which is herewith communicated) has been granted; and the concurrence of our Yearly Meeting is asked, in order more fully to authorize the Trustees, in whose names this stock is invested, to dispose of and transfer the same. All which is submitted.

10th mo: 31, 1827.

Signed by direction of the Committee. Philip E. Thomas, Clerk.

The following Minute of Ohio Yearly Meeting, referred to in the foregoing Report was also received and read to wit:-

Appearing from the report of our Committee on Indian Concerns, that in order to keep our school establishment at Waupakonneta in operation, it is necessary to make sale of the Bank Stock, in which the funds on hand for that purpose are vested. Therefore, Philip E. Thomas and Isaac Tyson, the surviving Trustees, in whose names the stock is held, are hereby authorized to make such sale and transfer of the same. Extracted from the Minutes of Ohio Yearly Meeting, 8th of the 9th mo: 1827, and signed by direction and on behalf thereof, by Jonathan Taylor, Clerk to the Meeting.

The Meeting taking into consideration the conclusion of our Friends of Ohio Yearly Meeting, as expressed in the foregoing Minute, united therewith; and Philip E. Thomas and Isaac Tyson, the surviving Trustees of this Fund are hereby authorized and directed to sell and transfer the Stock referred to, whenever required so to do, by the Committee to whom this concern has been confided, on behalf of this Meeting.
