

"An exercise was also feelingly expressed that all our members may faithfully maintain our testimony against Slavery, and pay suitable attention to the school education of those of the African race under their care, as well as others properly within their reach, and the meeting recommended the subject to the serious attention of Friends.

By the report from the committee on Indian affairs, we were informed that, in conjunction with the committees of the several Yearly Meetings with which we are associated in the concern, they have given unremitting attention to the service, and there continues to be a steady, and most gratifying improvement among that portion of the Seneca tribe under the care of Friends.

These Indians have generally become sober, industrious, and judicious in the management of their farms. Many of them have comfortable dwelling houses and raise ample provisions for the support of their families. Education is becoming more generally diffused among their children, and there are now on the Cattaraugus Reservation five schools which are well attended, and an additional school house is about to be erected for the instruction of their youth in the higher branches of education.

The committee were encouraged to continue their attention to the service.

This meeting has been large, and favoured to conduct its business in much harmony.

"With the salutation of love we are your friends."

The meeting was now informed that the minutes of our last Yearly Meeting had been recorded, and the friends

appointed to that service continued.

The clerks were directed to have two thousand copies of the Extracts from the minutes of this meeting printed, and furnished to our Quarterly Meetings in the usual ratio.

In grateful acknowledgment of the evidence afforded, of (Divine favour extended to us during the several sittings of this Yearly Meeting, it concluded, to meet again at the usual time next year if so permitted.

(Signed) Thomas P. Stabler,
Clerk.

~~~~~
