Thirtieth of the month and 3rd. of the Week.

At the time adjourned to, Friends gathered.

The subject of the excellence of portions of the Epistles received from our brethren at their Yearly Meeting, claiming the attention of this meeting, the Committee appointed at our first sitting to prepare answers, thereto was requested to select such portions of them as they think may be particularly beneficial to our members, and have them sent down in our Extracts to the subordinate meetings.

The meeting having entered upon the consideration of the State of Society, as exhibited by the answers to the queries from our several Quarterly Meetings, proceeded under a precious covering of solemnity, through the third Query inclusive.

A communication, addressed to the Yearly Meeting, was placed in the hands of the Clerk, and referred by this meeting, to a few judicious Friends for examination, who reported, as their united judgment, that the information therein contained ought to claim the attention of the Yearly Meeting, whereupon the communication was read, as follows. viz

The following Friends were appointed to propose, to a future sitting, the names of suitable Friends to constitute this Committee, viz.

Then adjourned to 10 o'clock in the afternoon.

Friends gathered, pursuant to adjournment.

The meeting having resumed the consideration of the State of Society, proceeded through the remainder of the Queries, and the answers thereto, during which much salutary counsel was given, and the travellers Linwood encouraged to hold on their way and the following summary was agreed upon as nearly representing the state of Society throughout our borders, since last year, viz

Summary Answer to The Queries.

First.

All our meetings for worship and discipline have been held, except five, within the verge of Baltimore Quarter, mostly prevented by the inclemency of the weather; those at Newberg, a Branch of Warrington Quarter, from which Branch no report was received by that Quarterly Meeting, and three, within the verge of Nottingham Quarter.

Meetings, worship on First Day Mornings, are generally attended by most of the members belonging thereto.

Those held at other times, and for discipline are neglected by many. Unbecoming behavior when assembled is mostly avoided, and the hour of meeting is nearly observed by most Friends.

Second.

Friends generally appear to maintain love towards each other becoming our Christian profession. Talibearing and distraction are mostly discouraged, and endeavors are used to end differences when they appear.
