1863 - The Committee appointed at a former sitting to prepare Essays of Epistles ~~as usual to~~ to the Yearly Meetings with which we correspond, produced one embodying the exercises of this Meeting which was approved and the Clerk was directed to transcribe it sign it on behalf of this Meeting and forward it to the Yearly Meetings of New York, Philadelphia, Genesee, Ohio and Indiana respectively.

The Meeting having been favored to transact all the business which has claimed its attention and been made sensible, through its several sittings of the overshadowing presence of Divine goodness uniting our hearts in brotherly affection, for which favor we are tendered in gratitude to the Great Head of the Church, adjourned to meet at the usual time next year, if so permitted.
