

1888 Joseph J. Janney, T. Buling Hall, and Geneca P. Broomell, are
11 appointed a Committee to assist the Clerks in revising and preparing the minutes of the proceedings of the Yearly Meeting for publication.

12 To confer with a similar Committee of Women's Branch and to nominate to a future session fifteen members of each sex, from the Meeting at large, to serve as members of the Representative Committee the ensuing year, a Committee was appointed, as follows:

Nomina- ting Committee for Representative Committee	Gideon Smith	Alban G. Thomas	Alfred S. Gardner
	Joseph H. Lincoln	Elkanah Fawcett	Phineas J. Nichols
	Joseph T. Hoopes	William G. McCoy	William H. Price
	James H. Roberts	Charles J. Tyson	Samuel A. Gover
		Jesse Yocum	Hiram Blackburn
		Reuben Hall	

13 The subject of the names, the location and situation of our absent and isolated members, was brought up by the reading of our minutes of last year and the information brought up by the Quarterly Meeting and embraced in their respective reports, was laid before the Meeting at this time and read.

After due consideration of the subject, as reported upon by the several Quarterly Meetings, it is apparent that there is a want of uniformity of action in our different Monthly Meetings in collecting and forwarding the information as directed by the Yearly Meeting last year.

It is therefore decided to appoint the following named Committee - to unite with a similar Committee from Women's Branch - to take the whole subject of isolated members into consideration and if way opens therefor, to present to a future session a systematic and uniform plan for obtaining the information desired, and also for co-operation in this matter with other Yearly Meetings, as proposed in some of the Epistles received by us at this time, viz:

Henry Stabler	William T. Platon	Samuel L. Pidgeon
William C. Harland	Shepherd Hood	Samuel A. Gover
Thomas H. Matthews	Cyrus J. Grist	James H. Roberts

1888 William Henry May, William Hoge, Levi H. Brown, Albert Hoopes,
Hiram Blackburn, Joseph M. Spencer.

14 The remaining Epistles, viz., those received from Ohio and Indiana Yearly Meetings, were now read, much to our edification and comfort.

Then adjourned to meet at 10 o'clock tomorrow morning.

Third day Morning, Tenth Month, 30th, 1888.

The Meeting reassembled at ten o'clock.

15 The minutes of the proceedings of the Representative Committee for the past year, were laid before the Meeting, and read at this time.

A general expression of approval of the labor of the Committee, followed the reading of the minutes as submitted.

The proposition of the Committee that the Yearly Meeting make a special appropriation of Two Thousand Five Hundred Dollars, to complete the upper portion of the rear building of the new Meeting House, and furnish the same for the use of our members who may hereafter be in attendance upon the Yearly Meeting, was considered separately, and after a full expression thereon, the Meeting ordered that the amount named, Two Thousand Five Hundred Dollars, be raised for this purpose the ensuing year.

16 The Committee appointed at the session held yesterday morning, to consider and report upon the proposition received from the Meeting of Ministers and Elders, looking to a change in the hour for the assembling of that body, submitted the following report, which was read and united with, and the change in the Discipline directed to be made, viz:

To the Yearly Meeting now sitting:

The Committee appointed to take into consideration the
