We would further recommend that the Central Committee be revised by a nominating Committee of the Yearly Meeting and that an endeavor be made to place upon it, only those who care and will work for the cause for which they are chosen. We propose that the sum of \$200.00 be appropriated for the use of the Committee during the coming year.

Respectfully submitted,

Eli M. Lamb, Clerk.

The labors of the Committee as shown by the report were approved and the Committee released.
