

The Superintendent states that a first-day school for the purpose of advancing the scholars in Scripture knowledge and an evening reading meeting have been kept up, and that the progress and behavior of the children in school have been satisfactory. Thirty-seven of them are Shawnee's, seven Wyandott's, three Sac's and Fox's two Menominee's, and one Stockbridge. One of the scholars died at the establishment the past year and appeared to make a peaceful end. The queries were read and answers to them forwarded to the Acting Committee of Indiana, from which it appears, that all our meetings for worship have been regularly held and attended by Friends, and those under their care. In relation to the farm, the Superintendent informs, that there are eighty-five acres in corn, the most of which looks well - two acres in potatoes and other vegetables and thirty acres in oats, which appear to be good. There are about twenty-four acres in hay, twelve of which have been cut and 1660 dozens of wheat of a good quality have been harvested. The Barn has been completed and filled with grain. There has been made at the Establishment during the year one hundred and sixty-five garments and several pairs of shirts, pillow-cases &c.; forty-two pairs of stockings and socks have been knit for the children, forty lbs. of wool sheared and one hundred and thirty-two lbs. of candle have been made. The Treasurer's account has been examined and gives the following statement.

#### Receipts.

The usefulness of the school, the improved condition of the farm and buildings and the state of the finances are very gratifying to us, and we would encourage the Indiana Committee upon whom the immediate care and management of the Establishment has devolved in their labors.

We would propose that \$100 be raised this year by our Meeting towards the support of the Institution, and paid over to our Treasurer.

Signed by direction and on behalf of the Committee,  
Francis V. King, Clerk.

Balto. 10th month 24th, 1853.

The Committee are continued to the service to report to the next Yearly Meeting.

Then adjourned to 11 o'clock tomorrow morning.

The Committee appointed last year to visit our Intercordinate Meetings, as way might open for it, made the following report, which was accepted and the Committee released.

The Committee appointed last year to visit the Intercordinate Meetings, as way opened for it, particularly Virginia Half Year's Meeting and Dunning's Creek Quarterly Meeting, report, and three of the Committee attended the Half Year's Meeting of Virginia, held at Black Creek in the 5th month last, Cedar Creek Monthly Meeting held in Richmond, also in the 5th month, and most of the particular Meetings belonging to the Half Year's Meeting, and visited most of the families. A very large attendance of their friends and neighbors was given at the Half Year's Meeting, but solemnity prevailed and the Meetings were held to satisfaction and comfort. - Some of their particular Meetings are very small, and their members much
