 Yearly Meetings, and that the Yearly Meeting was organized according
 to the arrangement made, to the satisfaction and comfort of Friends

Signed on behalf of the Committee, by

10th month 19th 1858

The following report was submitted by the Committee
 on Indian Concerns, and read to our satisfaction — Our Subordinate
 Meetings were directed to raise the sum of \$100 on aid of the School, and
 pay it to Jas King, Treasurer of the Committee
 at the Yearly Meeting

Through the acting Committee of Indiana
 Yearly Meeting we are enabled to submit the following report of the
 condition of Friends School among the Shawnee Indians in Kansas

The School has been continued the past year under the super-
 intendency of our dear Friend Simon Harvey and wife
 Forty six children have been taught during the year, with an average
 attendance of twenty four — Many more applied for admittance but
 could not be received at that time from want of female help and
 accommodations — fifteen of the children read and write, eleven
 study arithmetic, and seven geography — The scholars for the past
 year have been mostly small children, and have never been at school
 before — A more varied and practical course of instruction has
 been imparted, and the result has been satisfactory

Thirty tons of excellent hay and six hundred
 dozens of wheat have been harvested, but the cat crop was an entire
 failure

There are thirty two acres in corn, which will probably yield
 a fair crop

The Superintendent has sold from the proceeds
 of the farm of last year crop Four hundred seventy seven ⁵⁰/₁₀₀ Dollars
 and paid out for groceries, clothing for the children to 75.25

The salaries amount to about \$200 per year

The Meeting has been regularly kept up, and the
 queries answered
