Scriptural instruction is also given First-day morning and afternoon with endeavor at all times to guard them from the many evils by which they are surrounded. The Small-pox broke out in the school during the winter, materially lessening it, and causing the employes much labor and trouble, there having been 30 cases, with however but 3 deaths. The title to the farm remains as at last report - nothing can be effected until a Treaty, now in waiting, is ratified by Congress.

Then adjourned to 3 o'clock tomorrow afternoon.

27 of the month and 5th of the week.

The Meeting assembled.

The Committee to visit the Subordinate Meetings and the members composing them made the following report, which was acceptable to the Meeting - we were afresh introduced into feeling and sympathy on behalf of the members of our scattered meetings and isolated families, and the Committee was continued and encouraged to further labor, as way may open for it. viz To the Yearly Meeting now sitting:

The Committee continued last year to visit our Subordinate Meetings and members, as way might open, report that they have given attention to their

476 appointment. Several of our members attended Centre Monthly Meeting, & Drummings Creek Quarterly Meeting, held at Bellefonte, in the 12th Month 1863, & in the 6th and 7th Months, 1864, and some of the families belonging thereto.

Through the course of the year some of the Committee have several times attended Deer Creek Monthly Meeting, and all the families of that Meeting have been visited. Montgomery Indulged Meeting has been frequently attended and the members seen at their houses; the Meeting and families of Monroeville have also been visited. Clarfield and Washington have not been reached during the past year.

In attending to the service to which they have been called, the Committee have felt much sympathy with our remote meetings, and members, in their scattered & stripped condition. They thankfully acknowledge that help has been afforded to labor amongst them, & extend such counsel and advice as way opened for. They would earnestly recommend that the care & oversight of the Yearly Meeting should continue to be extended to our distant Meetings & members.

The Committee to prepare endowments to be placed on the minutes of brethren & sisters now in attendance from other Yearly Meetings produced them; they were read and approved and the Clerk was directed to make the endowments accordingly.

The Committee to examine and settle the Treasurer's account made the following Report, which was satisfactory to the Meeting & the Subordinate Meetings were directed to raise their respective quotas, and pay them into the hands of the Treasurer:

The Committee to examine and settle the Treasurer's account, reports that they have examined his accounts, and find the payments supported by proper vouchers. The balance of cash on hand at this time is \$ 117.14. They propose that the sum of \$ 75.00 be raised for the ensuing year, which is submitted to the Meeting.
