

That they have not been unmindful of our members within the limits of Virginia. Half Years meeting, but on account of the war, it has been impossible to visit them.

Three of the committee visited Montgomery County: Maryland, in the 10th Month last, and collected together the scattered families of Friends residing in that vicinity; a part of them recently from Virginia. After a time of solid conference and religious feeling, way opened to encourage them to assemble on First day mornings in a meeting capacity, and a suitable building was rented for the purpose. The meeting has since been regularly held, and several of the committee have attended it during the past year to satisfaction.

One of the committee visited a number of the families at Hopewell, Virginia in 2nd Month last; and four of the committee attended the Quarterly meeting there in the 6th Month to comfort and satisfaction.

A part of our number attended Deer Creek monthly meeting, and the meetings for worship at various times during the past year.

In the latter part of 8th Month, and 1st of the 9th Month, one of our number attended Monahan meeting two first days in succession, and visited most of the members in their families, imparting advice to them as qualification was experienced for the service.

Several members of the committee attended Dunning's Creek Quarterly meeting; although this visit was undertaken under much discouragement.

there was evidence furnished of the Masters ^{presence} to the renewal of our faith.
