

business. There is no record from the quarterly meetings from which the following summary answers were adopted as nearly representing the present state of the meeting.

First Answer - Ministers & Elders, who of ability, are diligent in the attendance of meetings for worship & instruction. We believe that they encourage their families to that religious duty.

Second Answer - Ministers in the exercise of their gifts appear careful to wait for divine ability.

Third Answer - Ministers & Elders are in unity and with another & with the meetings to which they belong, as far as appears manifesting a religious concern for the advancement of truth & the support of our doctrine.

Fourth Answer - Ministers & Elders are good examples in simplicity, temperance & moderation. That they endeavor to educate their families in plainness of dress & simplicity of manners becoming our religious people. Some care however in this respect would be preferable.

We have again been permitted to meet together and transact the business which has come before us in brotherly love & harmony & no further business appearing the meeting concluded - to meet the usual time next year if the Lord permit.
