

During the reading of the Querial and Answer we were reminded of the importance of both waiting for and acting under the ability which God giveth. We are to wait for, but also to act promptly when the ability for service is given. Under Christ the great Shepherd we are to take our places as Under Shepherds to feed the flock. Not only ourselves receiving the Supply which he puts within our reach, but also be willing to be the instruments used by him. Let us look closely to ourselves, and go to the Lord for our individual needs. As we pass our lives in all their varied aspects in review before the Lord, he will teach us what surrender must be made that we can receive for ourselves and others. And as we look upon the flock that the Lord has given us to feed, we would be sent where the Lord would have us go, & realize the strength to perform the service required of us. The Holy Scriptures are given that the Man of God may be thoroughly furnished unto every good work. We must be constantly securing fresh supplies that we may give fresh food to the flock.

The meeting assembled at the hour adjourned to. After a period of waiting we have been permitted to realize that the presence of the Lord has been with us & we desire that all may
