

Patuxent No Report.

Loudon The Social religious meeting continues to be held with average attendance - a desire has been expressed for another visit from our Committee - D. R. Thomas, M. Thomas and others were encouraged to go.

Hopewell The meetings have been well sustained considering the roads. - M. Thomas and John R. Gay were encouraged to visit that meeting next week.

Black Oak Reports from G. L. Scott's visit to this meeting and at Somerton also letters from John Peltton and Mollie Peltton were read giving an account of good work.

Richmond No Report.

Drumming Creek The following report was read off visit of Sam R. Kane and John Thomas to this meeting 3rd Nov 22 to 28 -

We reached Richinton 3/23. The meeting was unusually small (only 15) owing to stormy weather and very bad roads and much sickness. Three others besides ourselves took part in the meeting. We felt it was a barren time - on 2nd day evening we held a

meeting on Foreign & Home Missions attended by 15 who all seemed interested.

We had sittings with eight families of the Ministry meeting and believe they were helpful & encouraging to some.

on 8th day we went to Curwingsville and attended the mid week meeting next day, and a Sabbath meeting at night, both of which were very small, less than a dozen. We had religious services with four families upon the Mountains who did not get to the meetings and we felt that this was the most important part of our work there - some of the young people there have decided to leave.

Bellefonte No Report.

and then concluded.

James Carey, Secy.
(of M. C. Thomas)
