

attend it,

We are aware that it is expedient to make arrangements, for disposing of the property at the establishment. We would suggest to you for consideration, that the sale be made of the farm, to the best advantage. Also that the stock, cross farming utensils, and household and kitchen furniture be sold as soon as practicable, so as to bring the concern at the establishment to a close, and stop the expenses. You will consider these things, and send us a return, in time for our Yearly meeting to act on the subject as here proposed.

The subject of making sale of the property, at the establishment belonging to friends, coming under our consideration, we were united in the belief, that it would be best to sell it. But it was the conclusion to submit the matter to friends of Indiana, to proceed therein as they may judge most advisable. Which is submitted to the Yearly Meeting. And if it is the judgment of the Meeting, that a sale of the real estate should be effected, that such an order should be made, as would authorize the trustees holding the title, to make the transfer

to the purchaser.

We concur in opinion with our friends of Indiana, that if way should open, to extend our care towards those Indians, in their new, and probably remote situation, it would be very desirable. But the place of their location being yet unknown, we cannot anticipate what difficulties may be presented in the prosecution of the concern, after they shall have become settled in their new habitation.
