

to aid us - our Assn would ask  
you, if convenient, to visit those  
meetings & act on our behalf, with  
full powers to do so.

Anna speaks of the children to  
me - of one girl in particular  
who has the care of an imbecile  
sister - perhaps we could get  
her into Westtown - if it seem  
best - to change her association  
& enlarge her usefulness - she  
might become useful as a  
teacher afterwards at home.

I enquired today & find that  
J. E. Whitt is at home - I did  
not like to open the matter to  
him as his former rent from us  
& his senior partner is an old friend  
of mine - the way is open for them  
to write J. E. - they would consider  
my action interference.

We are pushing our N. C. Concern  
as fast as we can - no agent as yet -  
we have made a proposition to a friend

with offers remuneration to contribute  
we will pay all expenses } My friend N. T. King  
of N. C. of course -

Mr. Dickerson      Balto 11/25. 1865.  
Dear Friend.

Our Assn is anxious  
to give the two Misses near you, from  
W. & Black Creek, the advantage  
of our school system. We know that  
some effort is making there & that  
in case Mr. Cox's son cannot suc-  
ceed in doing so, he will return  
to N. C.

We would like some one to thoroughly  
examine the situation of things at  
both meetings, to strengthen & enlarge  
the present schools, if they are sui-  
table, yes, if not, to make arrange-  
ments for new ones.

We will pay the teachers salaries per  
month, & furnish books - the parents  
or meetings to furnish <sup>for the teacher</sup> board & school  
houses - or pay him his board.

I cannot possibly leave home now  
& as Mrs & Anna kindly offered to
