

man of energy, judgment
& might of character. to win
argue all it & not to leave
them as the new - just
the new.

Now that has much
experience & then has
the cause at heart - it
is a grand field of
missionary, labor among
the poor people.

We can manage if
they will devote 4. 6
or 8 weeks to the work -
giving us time to look
around & pick out a
suitable resident for
the two years - we should
be glad if they could
remain longer than the
time we have stated,
but leave that to them.
We will pay all the

travelling expenses & be
while there & not staying
in friends families, & al-
low them \$20.00 per month
or at that rate for a
part of a month.

We ask that every dea-
friend to seriously con-
sider this proposition -
our Lord has assured us
a great response but if
we hope we can unitedly
carry it out to satisfac-
tion & credit.

I am sure too that their
good wife will unite
in any such good work
in encouraging them to
go on this religious cause.

Please come down
as soon as they can &
confer with us
on behalf of the A.S. King
