

know
a man of energy, judgment &
the right of character. to win
argue all it & not to leave.
Now as the man is just
the man.

Then have had much
experience & then have
the cause at heart - it
is a grand field of
missionary labor among
the poor people.

He can manage if
then will devote 4. 6
or 8 weeks to the work -
giving us time to look
around & pick out a
suitable resident for
the two years - we should
be glad if then could
remain longer than the
time we have stated,
but leave that to them.
We will pay all the

traveling expenses & be
able then to work & stay
in friends families & all-
low them \$20.00 per month
or at that rate for a
part of a month.

We ask then any dea-
friend to receive & con-
sider this proposition -
our hope has a strong
a great response but if
we hope we can unitedly
carry it out to satisfac-
tion & credit.

I am sure too that this
good wife will unite
in any such good work
in encouraging them to
go on this religious mission.

Please come down
as soon as then can &
confer with us.
