

Exra McMeader.
A. Smith Dear friend

We have de-
layed doing anything in the
way of engaging teachers, un-
til we had our report.

We today appointed one for a month
to establish schools - the regular
app't will be made after ten
months. He goes down into
Mexico. I think we shall
be able to give thee a school
there, so that thou can
go South with him.

I will write thee again
& let thee know -

Dear friend

Thy letter
was rec'd today & will be laid
before our next Mtg of the
Board. I will write thee
in the course of a week or
two - we shall do nothing
before then.

Thy kind expressions are
cordial to us & thy letter will
receive the consideration which
it justly merits.
