Dear friend

Our friends
John Scott & J. L. Moore are
just getting under way as
suppl. - the latter assisting
John as far as his health
will admit of.

Their P.O. is Mansboro where
they have taken a store room
& board. I have forwarded
to them thy letter, as they will
have the location of schools &
the selection of teachers.

I will request them to write
them. I am pleased to hear
if they wish to return to thy
native state

I have sent
thy letter requesting admission
into the school to John Scott.
The other Trustees have the

Please apply to him or
