Dear Friend I have read

thy letter with interest.

It is understood that the
friends will look after E. T. and
if they need any more funds
than what they are able to
collect, we will supply them.
We prefer their taking that
field of labor.

As regards our Sept we have
app. John Scott temporarily
& Jos. Moore of Earlham to assist
him, with the understanding
that he shall be permanently
app. if his health holds out.
If not, the friend first ^{applied} ~~applied~~
by our Ass has now agreed
to accept, in case Jos. should
break down which we do not
anticipate, as he is much im-
proved & goes heartily into the work.
