Believable

It is an old saying
no believe to pay travelling ex-
penses to the school where a
Teacher is engaged but not
from their home. We adopt
that rule.

Board is furnished by the
in N.C. & we pay the teacher
& provide Books for the pupils.
The Dept arranges salaries ac-
cording to the size of the
school & the ability of the
Teacher. He appears to give from
20¢ to 25¢ per month.

We do not wish to interfere with
his schedule of salaries but we
will engage to give them \$5 per
month more than the same
grade of schools receive.

This book has very poor
writing and it is impossible
to read some pages.
