

our funds are going very fast
& we wish to use them to the
best advantage.

We prefer leaving the matter
until spring when the school is
& gardening will almost must
therefore decline to send all
our money now. There will need
it in the spring. Then can expend
the amt then best drawn for
now if there thinks best.

I shall read the items for which
this \$100 will be spent, as I am
to make the appropriation with
out consulting our Board.

The four children ^{now} have a little
behind in in respect of what we
intended to have been. I am
that I went too far for my funds,
but our ass^{ts} endorsed my action.
I am glad you are getting on
well at the school. I feel great
interest in its success & am
sure that them & they ever sent
wife will succeed in your efforts
as the primary schools of our
grade will bring scholars as soon as
money is more plenty.
With affectionate remembrance &c

Rolls 1910. 1911

Mr & Mrs

Dear friend

Mr drafts were presented
today which I declined to pay. Thinking
them intended to draw upon
the bank. Later in the day I got
the letter & then concluded to pay
them, though I prefer having the work
done in the spring when it can be
done to better advantage. As to
the paving, though I think it is
I should think a bad road to make
now. I think gravel would be better.
The work done now will be mostly
lost by spring & summer.
Our friend Mr. Hurlingham, whose
garden is equal to any in the
North agreed to spend a few days
& help there in the spring.
Unless the work is well done
& at the right time it will
not amount to much.
