

for the children & young
people in the village -
I am sure you will be
glad to hear of the
success of the school.
I am sure you will be

success of the school.

My dear Sir,
I am sure you will be
glad to hear of the
success of the school.
I am sure you will be
glad to hear of the
success of the school.

We hear so much about the
talent in N. Ca from short
crops that we have taken hold
of the idea to give them an
asset for two months to look
after those who need aid &
at the same time to drum
up children who do not go
to school. We have made a
proposition to one who will
be most congenial to them &
when we hear from him we
will write thee - I should
decline, can then recommend
a prudent man who would
discharge the trust judiciously.
If so send me his name before
then goes to London.

What does thou hear of the new
arrangements at the Bon de
Loluit?
Grant physical relief whenever
thou hast a case that requires.
Please hand the enclosed to the
& give him & Thomas my best love &
accepting much for thyself. A.S.K.

Dear Sir,
Thy valued letter of 17th
reached - showing thou art hard
at work as usual. The increased
attendance is very gratifying
to us. It is important they should
have good schoolhouses & I
would strain a point to help
them even beyond the glass
to. Hoping they return thou
will be able to send us & settle
of the printed reports.
I judge that the schools in 2nd are
in a poor way - I trust thy
visit will result in a change
for the better. I enclose a letter
of last summer from there for thee
to look over. It relates to the 2nd
my school - they should take
no boarders. Their friend is gone
it appears.
