 I will write to you
 more in reference to the
 coat & shawl. We got many
 such orders from friends whom
 I do not know & as we have
 no funds to spare, we must
 be very careful how we spend
 our money for it is very scarce
 now. I thought some help
 had been given them. They say
 they will try & pay in 12 months
 but there is no certainty of
 that.

I will write them again when
 I hear from Joseph.
