

as to the acct. to Jaurilio, that must be
 held on their merit & upon circumstances.
 Large Jaurilio - has women who have no
 men about them - the wife - must have
 enough to carry them over the cold water.
 If there are any cases where a horse is
 needed to insure crop in the spring or
 where they have no seed for spring crops
 they must be reported to us & we will
 consider the case.
 As regards ordinary relief we should think
 from 6¢ to 12¢ a family would answer
 but any severe cases can be reported &

we may authorize more.
 The friend should keep a diary & report
 in detail to us. Wm. Elidson Georgetown,
 Perhaps you could take a meeting - be
 time they will - say they own say, Wm. River,
 Rich Square & a month hence ~~Constance~~
 - living - giving three law weeks at home
 between leaves. Constance has to be late

 every one coming. Wm. Elidson. I have not to be
 from Jellene now in town. With much love
 in haste A. J. May
