Elmwood Kateliff,

Dear friend.

I much regretted
not being able to stop & see
thee on my way home, but
pressing business of all kinds,
makes every hour valuable
to me & it would have kept
me over our Quarterly Meeting.

My letters have all been of
a very practical & satisfactory
character & I thought we
might have pulled together.
We have concluded to let
the matter rest for the
present. We have offered for
a farm, the old one of N
Hunt's - we will see what
becomes of our offer & will
then see what is next best
to be done. Thy friend F. J. King
