

Dear Parents &
Dear Friend

Our Aloo is not sincere -
persecuted - We have lost a farm in NoCa
for which the auctioneers had been been
given - is it correct - can we then le-
gally have it. Is there any better &
simpler way.

The following questions arose in my mind.
Ought we like incorporation?
If so can a corporation of Men's State
hold land in Mass.

These examine the whole ground
to find coal & see how it is
laid - one 2^d can't run today
at 5th & 1st mile to the west tho' I
suspect it there -

My dear
Franklin
