

The friend who is likely to take me
 home for some to take it in
 a day or two - he & his wife are just
 what we need for that purpose -
 I have for what I have heard of -
 for quite a while within the last few
 weeks from a reliable source that he
 would be better to let him go home.
 He is so unpopular & makes trouble
 of it as I don't want to judge him as
 it seems that a second hand - I have
 he has been a trouble to the & that
 I have been with him. It will
 be time enough for us to take care
 that when we meet. Myself and
 I hope there are many friends. My
 to many kind & loving friends. My
 I have also seen the rich inflections
 & inflections of what love & more
 the land than there is his service
 of the friends.
