In looking over
my papers that accumu-
lated during my visit
to England, I find one
from the asking for the
loan of \$100 till 11th Mo.
It was seen today for
the first time, which
accounts for no reply.

he's done nothing with
his daughter yet - as
it seems a bad person
to move her. I thought
of proposing that we could
pay half of this six mos
board, if he could pay
the other half - so as
to bring her home in the
spring. We have no friends
left in our Asst. or we
could do more

R H Farney & I want
to visit you & Sonneton
& see about the Meeting
House. Please let us
see the plan before
you adopt one -
