intended - no considerable further to enlarge
the plan as it is, for the to obtain ^{the} ~~the~~
from competent architect builders, giving me
precise statement of the expenses, naming
the lowest amount for which they will undertake
the house - if they will send me the bills of site,
found, foundation, stairs & outside by them for
at least whatever is to be for them - no ex-
tending out of said bills from their contract.
The master pays the party to take the contract
entire - so as not to interfere with the work
or time of the day any more in carrying out
it - they must pay the - hauling stone &c.
if it is beyond my means, we must estimate the
size some & fall back on our original plan.
