

Dear friend
I have sent thee
from the Ball's ass. today
at Seaboard, 2 bushels
seed to be divided equally
between thyself, Eli C. Copeland,
Thos C. Peale, J. W. Copeland,
& Henry Copeland Jr., & persons.
You can divide the cost of freight
between you. I will write in a
day or two how you shall use
it, as I have written to an ex-
perienced farmer in Norway where
they have sandy land, & corn
is clay. I want you all to report
result a year hence.

Dear friend

Our Association
has sent today 1/2 bushels
Clover seed to thee at Seaboard
free of charge, except the
freight - 1 bushel is for thee & 1/2
bushel for thy cousin Wm.

We want you to report its re-
sult next year.

I will send balances of the
\$50, which will be \$35, when
thou informs me ^{son} thy son has gone
to New Garden - as sickness may
prevent his going at all.

We will pay for 1 year sub-
scription to the Review for
thy wife & Wm. H. Ware's, after
which, they can no doubt
pay themselves. No Friends
family should be without it.
