My dear friend

I enclose letter of
Credit from Union Bank London,
to Duncan & Co. New York, for
£147.18.10, endorsed by me to the,
which please convert into our
money & remit me. It is from
our London friends for a chari-
table purpose.

If they should be out of town &
the remittance be delayed for want
of thy signature beyond 2^d day,
please send check to order of
Jesse Tyson, as I shall leave for
N. Y. nearly thy, 3^d day at noon.

I presume my letter relative
to Banks & Brooks was duly read.

Thy readiness to help in all good
work is my apology for troubling
thee with this small matter.
Thy friend Francis T. Stone

each one of our 142 schools
a model of its grade.
"What thy" Baltimore Association
"Union of Friends" is doing for
white children, our brethren
of Phila are doing for the
Blacks - in the same dis-
tricts, but in separate
houses.

The Government of the U. S.
can enter upon no better
work in reconstruction
than to arrest the ~~egression~~
want of education among
the masses consequent upon
the war & slavery - There have
been no primary schools at
the South since 1861 worth
speaking of - The Federal funds
are gone, & state legislation I
fear is practically doing but
little towards building up
system.
