I have read thy letter wherein thou speakest of acting as an Asst. - Thou must remember the low state of Ed at the death & the poor qualifications of the teachers there generally. I am sure thou couldst take a school of thy own.

If thou wilt try it, we will
pay the expenses down.

Please write me thy
conclusion & if willing to
go, when ~~th~~ could then
leave. Thine friend

I like they called a rain cloud, but
 much better a ^{light} change. In the action
 joined have out the paragraph marked out by
 me. And like the meaning, ^{the} devoted to the
 of the Madness. Give Madness the ad-
 just the fact, dream to - the Ship. "Muriel"
 not - the Madness "the Madness of Madness"
 the Madness of the Madness of Madness for all
 children and - the Madness of Madness
 of Madness in it, the Madness, the Madness
 aspect? But will give the Madness of Madness
 the Madness of the Madness of Madness.
