

Balti- 3.12.1870

Dear Friend
 Sir: & Co

I went to Philadelphia a day or two ago & spent some time with Dr. & Dr. Cooper the friends who has kindly prepared the drawings for the Grand Meeting House - they are a valuable donation & he looks much interested in the matter that he will go down with me next month & meet you Corn, & explain the details of the work to you builders, & make any changes in the plans you wish. I have written Hainesman & Pitty to note our & examine them with thee - when you are ready to go on, you can do so without having to the detail of the plans - such as making brief - surveying lumber &c. The money given to you is the main one, I heard however from a friend who has just come from the Knott that you had \$8000 from us at home & in the West - which pleased me greatly. If you can get the walls up & the roof on by July, you can meet in the house without plastering or finishing - Please see that the drawings are right also...

Yours truly
 Wm. L. G. Cooper
