trusting in the need of things
I understand in a great measure
I am - I think - in good luck
I hope you - does in some
ways I feel sure of this
and I am sure you will
to find it all in all

Dear friend
Eli C Copeland

The small amount
of funds which I was to aid
your Committee with has
been distributed by Dr. Tom-
linson in supporting 13 schools
& over 500 pupils - he is acting
under the Com^{tee} of which Mr
& Cox is chairman.

If there is a school that needs
aid & any particular cases
of need under thy notice &
then will inform me I will
see if any thing can be
done - I think however that
as the winter is over & the schools
will close that you will have
to wait for another year, as
the funds are disposed of.

Yours in all good and with
trusting in the need of things
I understand in a great measure
I am - I think - in good luck
I hope you - does in some
ways I feel sure of this
and I am sure you will
to find it all in all

If you will send to
Dr. M. Tomlinson in the
course of two days, he will
pay thee \$25, which please
appropriate for the benefit
of the Freedmen - mostly for
seed - It is no part of Dr. Tom-
linson's - I will look into his
fund & write thee soon
about that. I think it was
all disposed of. I have just
returned & have no time
yet to look into my papers,
letters &c.

We arrived safely & well.
Please write when thou gets the
\$25 & inform me what disposition
was made of it. Thy friend
R. T. King
