

The being built
 As soon as I could reach
 I saw how it, as it is still
 upright. The dam is then
 with a massive buttress
 power - also taking flow &
 height - the dam will be
 built between 8 hours -
 power - it requires great
 power to lift the weights
 (at least) as the water
 heavily on it is so much
 lost - which I regret.
 It will cost too much to
 put a mill on the Creek as
 the fall is gradual - so we
 must use the horse power
 this way. I will see parties
 as soon as I am able to write
 them. Thy friend
 J. T. H.

I have been sick for
 the last week. My health
 is improving now. I have
 not been able to take
 up business since I came
 down. I was surprised
 that you should have gone
 to the dam when
 the letter came. I
 heard a fully sound over
 the letter to the dam in
 the letter book. If there were
 any letters through I am
 sure they will be of the same
 kind. I am sorry for
 information which
 very thing was to depend.
 My life was in the dam was
 of course contingent upon
 the water power justifying
