Dear Allen (Gay)

I fully approve of
Cane Creek for the Normal.
I will write I Moore. I
think them had better
write to Cane Creek & give
them time to arrange
for it.

As regards repealing the
school law. I think them
had better take Sabey M.
with them or go alone &
have an interview with
the Ex. Com^{tee} at Raleigh
of both Houses & let them
know thy experience &
views. also call & see the
leading members & senators.
They might write to Hiley
& learn where is the best

If it is only the purchase of
a house & lot for a garden
it must cost much. I hardly
presume they want a farm.
It seems to me that the
best plan would be to rent
a house for a year with the
privilege of 2 years more
& to fix it up some. with a
few acres & try it. If way
opens to settle there that
can be considered afterwards.
Our ass might allow them
something for a year as a
salary to aid in schools
& general attention to the young.
Please talk it over with
them & present a definite
plan & I think we can aid
them. I hope they will do -
